# MOBC COMMUNITY NEWS!!

Season of  **May 23 - August 28, 2021**   
**Pentecost** **THE COLOR OF FIRE REPRESENTS THE HOLY SPIRIT.**

Pentecost, the fiftieth day after Easter, comes from the Greek word for fiftieth, *pentekoste*. Greek-speaking Jews called the Jewish Feast of Weeks the Day of Pentecost. Acts 2 tells how the anxious and fearful disciples, who had gathered on the Day of Pentecost, were filled with the Holy Spirit and thereafter preached boldly the gospel of Jesus Christ. This is the day on which the church received the Holy Spirit. **The Pulpit Attire is Red.**

## Theme For This Quarter:

**"CONFIDENT HOPE"**

The study this quarter looks at God's gift of faith as the source of hope. Sessions from the Gospels illuminate hope and faith in teachings and miracles of Jesus. Sessions from the Epistles show how the early church understood God's gift of salvation through faith in Christ as the source of hope.

### UNIT 1 \* "JESUS TEACHES ABOUT FAITH"

This unit has five sessions. They reveal the hope and faith that come through Jesus' teachings and miracles. The sessions from Matthew demonstrate that faith in God is the primary source of hope and confidence. The miracles in Mark and Luke illustrate the power of faith.

#### NEXT WEEK'S LESSON:

**June 13, 2021**

#### "Why Are You Afraid?"

Matthew 8:23-27

People often lose confidence amidst the storm of persecution, rejection, and poverty. Where can we find assurance when beset by the storms of life? Fearing they would not survive the windstorm, the disciples turned to Jesus to save them.

Daily  
Bible Reading

## HOW TO ACCEPT JESUS CHRIST INTO YOUR HEART

Perhaps while reading the announcements you realized you have never made a Christian commitment. Don't delay that decision! We encourage you to embrace God's love today and receive the salvation that only Jesus Christ gives. Here are five simple steps you can take to find assurance of salvation.

1. **Recognize your need.** The Bible tell us that "all have sinned and fall short of the glory of God." (Rom. 3:23) All of us are sinners, and we must admit our need for a Savior.
2. **Repent of your sins.** Our sins create a wall that separates us from God. By confessing our sins and turning from them, you will find forgiveness. The Bible promises: "If we confess our sins, He is faithful and righteous to forgive us our sins and to cleanse us from all unrighteousness" (1 John 1:9).
3. **Believe in Jesus.** God sent His only Son to die so that He could pay for all our sins. Put your faith in Him and believe in His power to save you. The Bible says, "For God so loved the world, that He gave His only begotten Son, that whoever believes in Him shall not perish, but have eternal life" (John 3:16).
4. **Receive His salvation.** God has given us a great gift in His Son, but we must receive His gift. Thank Him for loving and forgiving you, and ask Him to live in your heart. His promise to us is clear: "But as many as received Him, to them He gave the right to become children of God" (John 1:12).
5. **Confess your faith.** The Bible assures us: "If you confess with your mouth, 'Jesus is Lord,' and believe in your heart that God raised Him from the dead, you will be saved" (Rom. 10:9). You have been born again and are now part of God's family. Tell some one else what Jesus has done in your life!

**Heavenly Father,** I now understand my need to have my sins forgiven. I also realize that only Jesus — because of His sacrifice on the cross — can forgive my sin. I put my faith and trust in Jesus today. Please forgive me and become the Lord of my life.

# June Health Segment

## What is Obesity and who does it effect?

Obesity is a treatable disease that is a worldwide health concern associated with having an excess amount of body fat. It is caused by genetic and environmental factors and can be difficult to control through dieting alone. Obesity is diagnosed by a healthcare provider and is classified as having a body mass index (BMI) of 30 or greater. Nearly 40 percent of Americans have obesity.

## What are the different levels?

**Overweight:** Having a BMI in the overweight range (25.0-29.9) is a health concern. Excess weight is hard on your body. It can lead to other health problems including obesity.

**Obesity:** Obesity is a disease where a person's weight is in an unhealthy range (BMI of 30.0-39.9).

**Severe Obesity:** Someone who is more than 100 pounds over their healthy body weight (BMI greater than 40) has severe obesity. Severe obesity has the greatest risk of other health problems.

## Causes of Obesity:

- **Psychological Factors:** Weight management can be challenging if troubled by stress and other concerns
- **Sleep Deprivation:** Some studies show a link between how much people sleep and how much people weigh
- **Appetite Signals/Hormones:** The hormones that signal hunger and fullness do not always work correctly in people with obesity.
- **Genetic Factors:** Genes in your body can determine if you are more likely to have obesity
- **Prescription Medications:** Some prescription medications can cause weight gain of up to several pounds each month
- **Environmental Factors:** We are surrounded by television ads, billboards and images that promote the consumption of foods and beverages that are high in calories and fat.
